GREAT DEMONSTRATION AT REPUBLICAN MASS MEETING

Long and Loud Applause for the Candidates in the Majestic Theater Last Night

(Special to the Bonanza.)

RENO, Oct. 30.—As a climax to the tour of the Republican candidates, the demonstration last night at the Majestic theater eclipsed anything yet seen in the city or state. With the immense hall packed to capacity and hundreds turned away, the speakers held sway for three solid hours before an enthusiastic crowd that cried for more. From the prefatory remarks of Lester D. Summerfield, chairman of the meeting, until the last words of Congressman Roberts, there was spontaneous and continuous applause. Sam Platt was cheered for five minutes when he arose and applause punctuated his address as he dissected the Pittman land bill. When he pledged himself to the Susan B. Anthony suffrage amendment a similar demonstration occurred. He closed with a masterly appeal for the restoration of the principles of Americanism.

SINKING OF MARINA A SERIOUS EPISODE

(Continued from page one)

American tenders aboard, was not under charter to the British government as a transport, but was engaged in her regular trade as a freighter and carried horses for the allies as a part of her general cargo. Under such circumstances she would be entitled to all the immunities of any other belligerent owned merchantman, and an enemy destroying her and her contraband cargo would be required to make due provision for the safety of the ship's company, unless she was sunk in the act of attempting to escape.

Apparently all depends upon the accuracy of the first reports, whether the Marina actually was attacked without warning or whether she is to be recorded as only another of the scores of British carriers that have gone to the bottom as the result of their skipper's desperate efforts to outrun enemy shells.

Until a full report has come from Consul Frost, no step will be taken by the state department. Frost is regarded as a thorough investigator and has played a part in determining the facts in many of the most important submarine incidents, including the destruction of the Lusitania. Affidavits of American survivors are expected from him within a day or two.

Most of the officials of the department are inclined to be very optimistic. They point out that time after time first accounts have made it appear that a ship had been sunk illegally and that in every instance since the Sussex complete reports have proved that no laws or pledges had been violated by the submarine destroyer.

Comparatively little importance is attached to the case of the Rowanmore, because it is admitted that the vessel attempted to escape and only stopped after fleeing for 50 minutes and having her steering gear shot away. There was a heavy fog at the time, and officials think it would have been easy for panic stricken sailors leaving their battered ship to have imagined that the submarine

(By Associated Press.)

GENEVA, Switzerland, Oct. 31.—The National Zeitung of Basel prints the following concerning the German submarines Bremen and Deutschland:

"Both the Bremen and the Deutschland have been lost—either captured or sunk. The Bremen never reached the United States nor returned. The Deutschland during her second trip across the Atlantic in September under the name 'Weser' also disappeared. Submarine U-53 was sent in search of the vessels, but found no traces of them. The loss of the two commercial submarines has not yet been officially admitted.

PREDICTS COMMERCIAL WAR

(By Associated Press.)

WEEWOKA, Okla., Oct. 31.—Allan L. Benson, Socialist candidate for president, in an address here yesterday predicted that a great commercial war will follow the European war. "When the European war ceases," he said, "the money power now controlling this nation will use the army and navy to hold the trade we now enjoy."

CHILD HURT AT CARSON

At about 12:30 today as Willa Brougher was driving from the springs into town in his automobile and about a half mile out from Carson, the machine struck little Alice Goni, a child about five years of age, rendering her unconscious. The little one was picked up and Dr. Krebs called to dress her wounds, which consisted of a bruised face and a cut under the chin. She was not seriously hurt. AMUSEMENTS

BUTLER THEATER

The musical program last evening at the Butler rendered by the big orchestra was thoroughly enjoyed by a large and appreciative audience, so much so that the management intends putting on a musical program of this kind from time to time, as it is a real treat to all music lovers. The feature this evening is Mary Pickford in a drama of humanity, "The Eternal Grind." Miss Pickford has scored her greatest triumph on the screen in such productions as "Madame Butterfly" and "Poor Little Peppina," in both of which she assumed the role of a victim of circumstances. In "The Eternal Grind," however, she plays a totally different role, certain to become one of her most popular impersonations, the capable, undaunted, powerful personality which rises unflinchingly to meet every crisis in a life of hardship. She is a factory girl, one of whose sisters is a moral weakling and the other a chronic invalid. Against the grasping and brutal owner of the factory in which she is employed, against his vicious young son who victimizes her sister, and against the terrible disease which is gradually crushing her other sister, the indomitable will of the resolute factory girl wages ceaseless warfare. It is by far the greatest character which Miss Pickford has presented on the screen and one in the ultimate triumph of which every real human heart will rejoice. Burton Holmes travel pictures tonight will take us to "The Sunny South of England." Tomorrow, a Sidney Drew comedy and Carlyle Blackwell and Muriel Ostriche in "Sally in Our Alley," an east side love drama.

BOB STEWART, who had been enjoying real city life in Tonopah for the past two weeks, returned to his home in Sodaville this morning.
